Additional Information: Trips on the Alsek to Dry Bay, Alaska, need a pre-authorized take-out date from Glacier Bay National Park **before** requesting a pre-authorized put-in date from Kluane National Park. Note: Pre-authorization and fee charges from Kluane National Park only apply if you float from the beginning of the Alsek. There are limited numbers of put in dates available from Kluane National Park, so it is important to contact the park as soon as possible. If people are planning to travel on the Tatshenshini River only, they do not need to contact Kluane National Park, as they do not travel through Kluane National Park and Reserve. Please be sure you have necessary permits before paying fees. **DO NOT** pay fees if you do not have a permit.
